INSURANCE SECTOR

CFT have gained over 20 years of experience in providing IT solutions to American insurance companies. We implement dedicated systems based on **Guidewire software** (Claim Center, Billing Center).

We employ technical and business experts dedicated for the following areas:

- Claim registration and handling systems,
- Billing systems,
- Policy management and administration,
- Data warehouses,
- Automated reporting

The scope of our services include:

- Business and technical analysis of the available solutions,
- Selection and implementation of insurance IT systems based on proven solutions,
- Support in the process of providers selection ,
- Integration of insurance solutions with existing applications or services delivered by subcontractors,
- Customised configuration, further development, and testing upgrades,
- Data preparation and migration to new systems,
- Monitoring and 2nd support line for production systems,
- All services can be delivered by CFT consultants at customer premises or remotely from our locations.

Benefits for the customer:

- Experienced consultants ensure fast and effective implementation,

- We select technologies and methodologies best fitting the customer, project specific parameters,
- We utilize best practices and experience gained at most demanding markets
